

Ballroom and Latin Dance

Our Group Lessons for Beginners to Improvers in and Morecambe & Kendal

This Beginners Standard Ballroom and Latin course lasts 4 months and then repeats. You will attend the first class for one month and then after the first month you will be able to attend both classes. We have a teacher and a teaching assistant attending most classes. These are partner dances so ideally partners are required but if solo, please enquire as we can often help with this. You are welcome without a partner at all classes.

Each month we teach two dances during a 60 minute tuition session. Each dance is an 8 week course over 2 months as below. Please view the website for the dances taught each month.
